

## **Live in Building Manager/Caretaker/ Zed Master - Tofino**

We are building something COOL and FUNKY and we want you to be a part of it! Hotel Zed, named one of the Top Five Most Instagrammable Hotels in World by TripAdvisor, is coming to Tofino, British Columbia. This gem is currently under construction and we need a live in Zed Master to look after the property as it undergoes its metamorphosis into the coolest thing to hit Tofino since Tacofino.

The Zed Master will oversee the cleanliness and maintenance of the property while under renovation and construction. Right now, the property consists of an existing 35 room hotel that is currently housing construction workers while they build additional structures on site.

Your duties as Zed Master will include cleaning and maintaining rooms and common areas, checking in and assigning rooms for workers and maintaining keys. You will also be in charge of overseeing the overall security of the building during the day and night, managing noise levels, etc. You will be our emergency contact and handle emergencies as they arise. This position also includes supervision of one full-time employee.

We are looking for a well-organized, detail-oriented individual with the ability to work with minimal supervision. You are no stranger to working to deadlines and multi-tasking. A strong communicator, you will communicate with residents of the property and act as our primary contact on the ground in Tofino. Reporting to our VP Operations, you will meet regularly, keeping key individuals informed on work at hand and potential needs for the future. Previous janitorial experience and/or maintenance knowledge is an asset as is experience with property management systems.

This is a live-in position offering a studio kitchenette suite in the Hotel-Zed-in-the-making for a six-month contract with opportunities to extend.

The successful candidate will have a valid BC driver licence and will be required to pass a criminal background check. Oh... and they will genuinely care-- care about the property, care about the people of Tofino and care for the land and ocean that surrounds us.

### **Who We Are**

So long stuffy-and-staid hotels, hello Accent Inns and Hotel Zed—the B.C. hotel chain with big personality. With eight locations across two brands in Victoria, Richmond, Burnaby, Kelowna, Kamloops and soon Tofino, we deliver more than expected in a way the big chains can't.

Success attracts success and here you will be working with an extraordinary company. Accent Inns is a force in the industry. Accent Inns received the Tourism Industry Association of Canada's Business of Year award in 2018 for the outstanding growth of our business. Our CEO was recently named Hotelier of the Year by Hotelier Magazine. Our 2018 Fall Employee Survey showed that 95% of our employees are happy to work here.

To help us achieve this extraordinary success, we live by a set of Core Values that embody who we are as a company and we believe in them fiercely. We are dedicated to ensuring people can be real, have fun, be empowered to make everything better and have each other's back. At Accent Inns we want our staff feel well taken of by us and by one another.

### **How To Apply**

Email [hr@accentinns.com](mailto:hr@accentinns.com) your awesome application including a cover letter and resume. A big thanks to all who apply but only shortlisted candidates will be contacted.
