

Special Offer for Essential Services

If you want to self-isolate, are too tired to drive home or just want to protect your family, we're here to support you. We have low rates to ensure you can take the time you need to keep you, your families, and your communities safe.

Accent Inns is a uniquely safe choice:

- ✓ As an exterior corridor hotel, you can go right from your car to your room with minimal contact. Skip the elevator and take the exterior staircases. The building is only three stories.
- ✓ Exterior room access also allows for safe and convenient drop-off when you order meals, groceries or supplies online.
- ✓ We do not have central air conditioning so pollutants do not travel through the hotel. You will have your own air conditioning and heating unit in your room.
- ✓ Safely enjoy fresh air with windows that open wide to the outside.
- ✓ Our housekeeping teams use hospital-grade sanitizer in all rooms.
- ✓ Fast & free WiFi so you can access all the news and entertainment you need.
- ✓ We maintain a constant disinfecting schedule for high-touch areas like elevator buttons, doorknobs, public washrooms, and room keys. This also applies to back of house areas.
- ✓ Free bagged to-go breakfast in Victoria, Kelowna and Kamloops.
- ✓ As the COVID-19 crisis is a rapidly evolving situation, we meet with all staff at a minimum of once a day to discuss and adapt to the current status and risk levels.
